#### VERSE

I've got a bottle on the counter and a Bible on the shelf  
One is always opened when I need a little help  
Every night I pray, Lord, your will be done  
But to tell the gospel truth there's no dust on either one  
My life is ruled by one of two names  
Jack Daniels or King James

#### Verse

I've got an angel on my shoulder and the devil in a glass  
Both will share opinions when neither one was asked  
Now Jack is pretty smooth but James is always right  
Either one could help decide what I might do tonight  
Come tomorrow I'll praise or blame  
Jack Daniels or King James

#### Bridge

Timeless truth or 80 proof  
Both tend to finish well  
It shouldn't be this hard to choose  
Between praising heaven or raising hell

#### Verse

I'm a regular at Hooters and a tenor in the choir  
You can tell me I'm a sinner but at least I'm not a liar  
The battle rages on, neither side has won  
James is very wise, but Jack's a lot more fun  
This double life is hard to explain  
Dripped in holy water but flirtin' with flames  
Somewhere down the road I'll need to pick a lane  
Jack Daniels or King James
