**BIOGRAPHY & PHOTOS:** My name is Joe Example, an aspiring songwriter and performer with an interest in mostly country music and some southern gospel music. I've been writing songs for more than 20 years and have entered numerous songwriting contest. My best year was 2 years ago when 2 of my 5 songs placed in once of the leading songwriting contests. I play a guitar but mostly just play chords as I develop my music. Let me know if you like any of my songs. If you know any band who would be willing to play my songs I would greatly appreciate your assistance in helping me to published my songs. Thanks. Joe E!
